

Rules of the ORNITHO SWAROVSKI OPTIK Race

1. Contestants must fill in Ornitho daily forms (full lists), minimum 30 minutes long anywhere in Catalonia between September 1 and September 27.
2. They can make as many daily forms as they want and one form per day will be eligible for the prize; therefore, a contestant can have a maximum of 27 prize options if he/she fills in a daily form every day (see APPENDIX for some examples).
3. Forms must have been entered in www.ornitho.cat before 12h on Sunday September 28. They can have been entered from anywhere during the month of September or from the computers available in the Delta Birding Festival (DBF).
4. Forms are accepted from any habitat where birds can be found, including urban areas, industrial estates, gardens and so on.
5. Forms where no species has been detected are not accepted.
6. By the fact of registering in the contest, the contestant accepts and guarantees that:
 - a. all species entered in the daily forms have been detected (observed or heard) during the time when the field work for the form was done
 - b. no species has been listed that was expected or supposed to be in the sampled area but was not detected in that session
 - c. the effective time of bird monitoring has actually been a minimum of 30 continuous minutes in the field
7. Ornitho administrators can consider a form non-eligible the above irregularities or others have been detected, suggesting bad practices or the non-compliance of these Rules.
8. To have chances for the SWAROVSKI OPTIK prize, contestants must register personally in the Oryx stand in the DBF, indicating their Ornitho user and their contact data to be notified of the prize if he/she obtains it. In compliance with the Data Protection Act, the contestant will have the option to allow or deny that his/her contact information be incorporated to the data base of SWAROVSKI OPTIK to be notified of products, discounts and offers.
9. The drawing will be held with an application that will randomly choose one user that has filled Ornitho daily forms in, with the following conditions:
 - a. Registered user for the contest at the Oryx stand in the DBF
 - b. One list per user, per day between those carried on between September 1 and September 27 anywhere in Catalonia
 - c. Daily forms lasting at least 30 minutes
 - d. Forms input in the system before 12h Sunday September 28
10. The prize consists of a **spotting scope SWAROVSKI OPTIK ATX or STX with objective module of 95mm and a SWAROVSKI OPTIK Travel Tripod**, manufactured in carbon with a total suggested retail price of approximately

4.500€. The X Series spotting scopes of SWAROVSKI OPTIK, are among the most advanced ones of the world thanks to their modular design, totally differentiated from the market but especially because the optical capacity delivered by the SWAROVISION technology.

11. The drawing will be held at 14h on Sunday 28 and the prize will be given in the Festival if the contestant is present. If not, SWAROVSKI OPTIK will contact him/her according to the contact data given at registration time to deliver the prize.
